

Great Wall of China: Solution

Each picture clues a word such that a letter may be inserted between the two words on opposite sides of the wall to make a new word. The words, and inserted letters, are

cat	E	ring
bra	N	dish
can	O	pies
opera	T	ions
ball	A	deer
mark	E	table
disc	R	editing
alto	G	ether
uncle	A	nest
man	D	rake
mist	A	king
dip	H	thong
subs	Y	stem
demons	T	rations
car	P	enter
ski	M	pier
disco	U	rage
brig	H	test

Reading the extra letters from bottom to top (i.e. the order you would see them if you walked along the wall so that the pictures are oriented correctly), you get HUMPTY HAD A GREAT ONE, which clues the answer FALL.
