The letters for each bone appear in the grid in a shape similar to the bone's shape, arranged in the order suggested by the song.

Read the connections between bones in song order (from bottom of the grid to top) to get:

LEFT OF X-RAYS

Read those letters (again from bottom to top) for the solution:

DO NO ARM

which refers to the lack of arms in the song and grid (and is a play on "do no harm").
