DOCTORS AGAINST SCOURGES OF HUMANITY: Unit 5

May 2013

## DETERMINE TRANSMISSION VECTOR

**THREAT LEVEL: RED**

### ASSIGNMENT #6

Now that we know the infectious agent is a sound sequence in Bono's song "Behold and Wonder" in his Broadway musical, "Spider-Man: Turn Off the Dark" we need to uncover how it's spreading.

### DETAILS:

To assist in determining how the disorder is being transmitted, we have assembled a data cube out of field reports from all over the country. The DASH<sup>5</sup> computers have distilled the data into a series of clues. When the answers are arranged properly on the data cube there will be matched data that will yield the result uncovering how the infectious agent is spreading.
